

CyberLink

Media Suite 13

The Most Complete Collection of Award-Winning
Multimedia Software

DATASHEET

CyberLink Media Suite is the only product that meets all the digital media needs of users at one great value-price. Media Suite 13 is a complete multimedia software collection, combining CyberLink's trusted, **industry-leading software** in a single package with a unique, **easy-to-use** interface, at a **fraction of the cost** of purchasing individual software products.

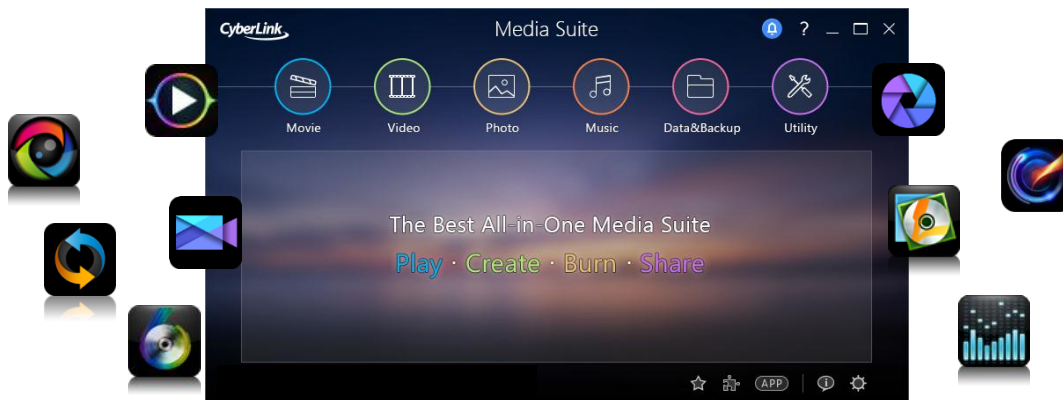

Media Suite 13 features three best-in-class media editing and playback applications – PowerDVD, PowerDirector, PhotoDirector, alongside trusted utility software Power2Go and MediaEspresso for disc burning and media conversion.

Bringing all Media Suite's software solutions together is the unique PowerStarter launcher. PowerStarter provides a single, task-based interface that allows users to launch the right software for the task they wish to perform, and also makes it easy to manage all Media Suite software updates and patches through one, easy-to-use screen that notifies users when relevant updates are available for download.

MEDIA SUITE 13 – KEY PRODUCT HIGHLIGHTS

Stop Searching, Start Doing!

UNIQUE TO MEDIA SUITE PowerStarter Launcher

Unique to Media Suite, PowerStarter provides a simple and streamlined interface through which users can open any application and manage all Media Suite related software updates and patches. With PowerStarter, finding the application you need is effortless. Select from:

- Movie - Play Blu-ray movies, DVD discs & movie folders, plus explore movie info
- Video - Create, play, edit, organize, and upload your videos
- Photo - View, organize, edit and upload photos
- Music - Play, convert & edit audio files
- Data & Backup - Burn and copy discs, as well as back-up your personal files
- Utility - Mount virtual drives, manage discs and more

CREATE

LATEST PowerDirector 13 - The Most Flexible Video Editor

PowerDirector provides the most comprehensive and easy-to-use tools for high quality video productions. Easily create professional quality H.265 and UltraHD 4K video with creative titles, menus, PiP motion, and particle effect: in a full screen editor. Seamlessly sync up to 8 video tracks simultaneously with native 64-bit support and TrueVelocity performance enhancements.

- Easily create professional quality H.265 and UltraHD 4K video
- Easily add video effects, transitions and more thanks to the simple interface
- Create titles, menus, PiP motion, and particle effects in a full screen editor
- With timeline, accurately control and design creative animation effects
- Enjoy fast and seamless video editing thanks to CyberLink's TrueVelocity technology

LATEST PhotoDirector 6 - The Easiest Way to Create Amazing Photos

PhotoDirector is a unique photo editor that provides a streamlined photography workflow – efficient photo management, complete adjustments and creative editing tools. PhotoDirector lets you enhance your images in a non-destructive environment and provides all you need to turn your RAW images into works of art.

- All the features you need for photography in a single workflow
- Bring your photos to life with complete editing and adjustment tools
- Non-destructively adjust your shots, including those shot in RAW
- Touch up group shots & portraits with unique people beautification tools
- Create dramatic, stunning HDR or panorama images quickly and easily

PLAY

LATEST PowerDVD 15 - A Premium Movie Experience at Home or On the Go

With support for all media types including video, audio and photographic content, PowerDVD is your all-purpose entertainment station. The NEW PowerDVD 15 features next-generation TrueTheater Color and Sound enhancements, so you can now immerse yourself in an unparalleled audio-visual movie experience that comes with extended file format support and improved playback functionality.

- Cinema-like audio-visual experience with next-gen TrueTheater enhancements
- Enhanced playback of Ultra HD 4K video on large 4K displays
- Resume watching movies and TV series right from where you last left off
- Enhanced Media Library keeps all your movies and TV shows in one location
- Support for an extensive range of video, audio and image formats

BURN

LATEST Power2Go 10 - Trusted by Leading PC Makers Worldwide

Power2Go's advanced burning engine makes it a snap to burn CDs, DVDs and Blu-ray discs — even the latest 128GB BDXL discs. Duplicate CDs, unprotected DVDs and Blu-ray discs by burning 1:1 copies of your discs. Save a copy of a disc to your hard drive as a disc image and later burn the images back to disc.

- Leading burning software trusted by leading PC & burner hardware manufacturers
- Download videos directly from YouTube or Vimeo with **Social Media Download**
- Drag & Drop widget for super quick burning
- 256-bit encryption keeps your data safe once it's on disc
- Download & backup data directly from your favorite social media platforms
