

Independent
Lab-verified

Meet what PC Magazine Calls "The New PC Tune-up Champ"

"the most improved performance
of all the PC tune-up utilities tested"

"bested all other utilities
in performance"

- PC Magazine, November 2010

The experts agree:

Independent lab tests prove System Mechanic Professional restores more speed, power and stability than any other product.

The New York Times

"Easy-to-use and powerful."
- The New York Times

"Worth paying for. Nice, intuitive...comprehensive."
- CNET

WIRED

"Significantly improved processing speed."
- Wired Magazine

"Found and fixed a lot of errors the other programs overlooked."
- LAPTOP Magazine
